NAEW&C Force NATO Community Development License (NFCL-NCoDe) v1.0

NATO Airborne Early Warning and Control Force Software License

Aligned with NATO Community Development (NCoDe) Standards

1. SCOPE

The Contributor hereby grants to the User and the latter hereby accepts, subject to the terms and conditions of this Licence Agreement, a non-exclusive, transferable, free of charge licence.

By submitting a Contribution, the Contributor gives the User all rights to use, modify and distribute the Contribution among the members of the NAEW&C Force Community.

Every modification by the Contributor, the User or any other member of the NAEW&C Force Community of a Contribution (including its source code) must be submitted to the NAEW&C Force Community and upon such submission it becomes a Contribution itself.

2. DISTRIBUTION OF A CONTRIBUTION

Distribution of a Contribution to members of the NAEW&C Force Community is governed by the Directive on Obtaining Software for NATO. The User is free to share the (original or modified) Contribution with other NAEW&C Force Community members.

Distribution of a Contribution to entities that are not members of the NAEW&C Force Community is subject to a licence agreement (no less strict than this Licence) between NAEW&C Force and that entity, and is governed by the Directive on the Release and Public Disclosure of NATO Software. Additionally, release of Contributions to non-NATO entities is subject to the terms and conditions of the NATO Software Policy.

3. EFFECTIVE DATE

The licences granted under this Licence with respect to any Contribution become effective for each Contribution on the date the Contributor first contributes such Contribution to the NAEW&C Force Community.

4. RESPONSIBILITIES OF THE CONTRIBUTOR

The Contributor (which includes any User who modifies (part of) the Contribution and thereby becomes a Contributor himself) ensures and represents that its Contribution:

a. Includes the Contribution's source code form; b. Includes a legal notice conform to paragraph 11 to this Licence; c. Does not infringe upon a third party's intellectual property rights; d. Is not subject to export

control regulations; e. Is not subject to licensing conditions limiting or conditioning use, modification, ownership or disclosure of the Contribution; f. Cannot be revoked after having been contributed.

Responsibility for (the consequences of) any breach of these obligations shall be borne by the respective contributor.

---

5. RESPONSIBILITIES OF THE USER

The User ensures and represents that:

a. It shall use the Contribution in accordance with the terms and conditions of this Licence; b. All modifications to the Contributions, including source code, shall be submitted to NAEW&C Force to become a Contribution to the NAEW&C Force Community; c. Any transfer or disclosure of the Contribution to another authorised party shall be accompanied by a copy of this Licence.

---

6. LIFE CYCLE MANAGEMENT AUTHORITY

6.1 Single Authority Designation NAEW&C Force, through the Mission Systems Engineering Center (MSEC) at Geilenkirchen, Germany, is designated as the single, authoritative body responsible for the complete Life Cycle Management of the Software.

6.2 Life Cycle Management Responsibilities NAEW&C Force retains exclusive authority over:

- Software architecture and design decisions
- Version control and release management
- Security assessments and vulnerability management
- Quality assurance and testing standards
- Integration and interoperability requirements
- End-of-life and retirement planning
- Documentation and training materials

6.3 Technical Authority All technical decisions regarding the Software's evolution, including but not limited to feature additions, security patches, and compatibility requirements, shall be made by or approved by NAEW&C Force.

---

7. MANDATORY CHANGE REPORTING

7.1 Modification Reporting Requirement Any User who creates Modifications or Derivative Works must:

a) Report all changes to NAEW&C Force within thirty (30) days of implementation b) Provide detailed documentation of the nature, scope, and purpose of all Modifications c) Submit source code of all Modifications in a format specified by NAEW&C Force d) Include comprehensive testing results and impact assessments

7.2 Reporting Procedure Change reports must be submitted to:

- **Primary Contact:** Mission Systems Engineering Center (MSEC)
- **Address:** NATO AWACS Programme Office, Geilenkirchen Air Base, Germany

- **Email:** ilkermurat.karakas@naew.nato.int
- **Secure Portal:** [To be established by NAEW&C Force]

7.3 Required Information Each change report must include:

- Detailed description of all Modifications
- Rationale for the changes
- Impact assessment on existing functionality
- Security implications
- Testing procedures and results
- Contact information for the modifying party

---

8. INTEGRATION AND APPROVAL PROCESS

8.1 Review Process NAEW&C Force reserves the right to:

- Review all reported Modifications
- Approve or reject integration of Modifications into the official Software release
- Request additional testing or documentation
- Require security assessments

8.2 Integration Timeline NAEW&C Force will acknowledge receipt of change reports within fourteen (14) days and provide a decision on integration within ninety (90) days, unless additional review time is required for complex modifications.

8.3 Official Releases Only versions released and authorized by NAEW&C Force shall be considered official releases of the Software.

---

9. REQUIRED NOTICES

Each Contribution must contain a legal notice conform to paragraph 11.

---

10. VERSIONS OF THE LICENCE

NAEW&C Force is the author of this licence document and may publish revised and/or new versions of this licence document from time to time. Each version and revision will be given a distinguishing version number and will be published on the NAEW&C Force's website.

Any member of the NAEW&C Force Community may always use, distribute or otherwise make available the Contribution under the version of the Licence under it was contributed to the NAEW&C Force Community unless the Contribution contains a notice prohibiting it from being distributed or otherwise made available under any subsequent version of the Licence.

---

11. SOURCE CODE FORM LICENCE NOTICE

To apply the NFCL-NCoDe Licence to your work, attach the following notice to the Contribution's source code (with the fields enclosed by brackets replaced with your own information). The text should be

enclosed in the appropriate comment syntax for the file format.

```
Copyright [yyyy] NATO. Created by [creator]. Modified by [Contributor(s)].
Use of this software is subject to the terms of the NFCL–NCoDe Licence, v.
1.0.
If a copy of the NFCL–NCoDe Licence was not distributed with this file,
you can obtain one at https://www.naew.nato.int/NFCL–NCoDe/v1.0/.
```

If it is not possible or desirable to put the notice in a particular file, then the Contributor may include the notice in a location (such as a LICENCE file in a relevant directory) where a recipient would be likely to look for such a notice.

---

12. TERMINATION

This Licence and the rights granted hereunder will terminate automatically if the Contributor fails to comply with terms herein and fails to cure such breach within 30 days of becoming aware of the breach. Provisions which, by their nature, must remain in effect beyond the termination of this Licence shall survive.

---

13. WARRANTIES AND LIABILITY

13.1 Disclaimer of Warranty The Contributor warrants that the Contribution does not infringe upon the intellectual property rights of any third party. The Contribution is provided under this Licence on an as-is basis, without warranty as to its functioning or fitness for purpose. This disclaimer of warranty constitutes an essential part of this Licence.

13.2 Limitation of Liability IN NO EVENT SHALL NAEW&C FORCE BE LIABLE FOR ANY CLAIM, DAMAGES, OR OTHER LIABILITY, WHETHER IN AN ACTION OF CONTRACT, TORT, OR OTHERWISE, ARISING FROM, OUT OF, OR IN CONNECTION WITH THE SOFTWARE OR THE USE OR OTHER DEALINGS IN THE SOFTWARE.

---

14. DISPUTE SETTLEMENT

In case of disagreements, all disputes shall be resolved by consultation between the Parties and shall not be referred to any national or international tribunal or other third party for settlement.

---

15. SECURITY AND CLASSIFICATION

15.1 Security Requirements Users must comply with all applicable NATO security requirements and national security regulations when using, modifying, or distributing the Software.

15.2 Classification Handling Any classified or sensitive information must be handled in accordance with NATO security protocols and national regulations.

---

16. DEFINITIONS

"NAEW&C Force Community" means the NATO nations, bodies and agencies participating in the collective development of software under the auspices of the NATO Airborne Early Warning and Control Force.

"Contributor" means the individual or entity that makes software or related products available under this Licence. For legal entities, the entity making a Contribution and all other entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor.

"Contribution" means any original works of authorship, including modifications or additions to an existing work that are the subject of this Licence.

"User" means any member of the NAEW&C Force Community.

"The Purpose": under the terms of this Licence, the Contributor provides software to the NAEW&C Force Community for the purpose of further developing that software (and related products) in order to create better and more interoperable software solutions in support of NATO's missions.

"NAEW&C Force" means the NATO Airborne Early Warning and Control Force, including all constituent units, Mission Systems Engineering Center (MSEC), and authorized representatives.

"Software" refers to any software application, tool, library, or system and any associated documentation, source code, object code, executable files, configuration files, and related materials released under this License by NAEW&C Force.

"Derivative Work" means any work that is based upon the Software or upon the Software and other pre-existing works.

"Modification" means any alteration, enhancement, improvement, or adaptation of the Software.

"Commercial Use" means use of the Software for commercial, proprietary, or revenue-generating purposes.

To "modify" a work means to copy from or adapt all or part of the work in a fashion requiring copyright permission, other than the making of an exact copy. The resulting work is called a "modified version" of the earlier work or a work "based on" the earlier work.

"NATO" is the North Atlantic Treaty Organization and the bodies governed either by the Agreement on the status of the North Atlantic Treaty Organization, National Representatives and International Staff, signed in Ottawa on 20th September, 1951 or by the Protocol on the status of the International Military Headquarters set up pursuant to the North Atlantic Treaty, signed in Paris on 28th August, 1952.

"Original Software" means the first version of a work of software that has been contributed to the Community.

"Source Code Form" means the form of the work required for making modifications.

"Executable Form" means the form of the work that is capable of being executed or run as a program in a computer.
